

Walk down memory Lane – Part 3

Part 3 is here, and we will bring some more air into this blanket. As most of the work we have done so far is tense and covered, it is time for some more opened-up stitch work with one of my first patterns written and one that is not that well-known. We will use New Life, a pattern that is a story on its own. The design starts with planting a seed that sprouts, and within six parts, you will see the progress of how nature evolves. Finally, we will add the last phase of the pattern to this blanket. Are you excited? Let's go!

Pattern used:

The New Life pattern is required for the third Part of the walk down memory lane blanket. We will use Part 5 of the New Life pattern. All general information like photos, special notes, and stitches used can be found in the pattern.

Yarn and hook:

In all parts, colors A and B are used. In part 3, we will use the Brown Color Set. So take Color C-G from the brown color set for this Part. Tineke's Masterpiece version will use all three colors in all parts. For both versions, crochet hook size 4.0mm is used.

Tineke's masterpiece color use:

As Tineke only used three colors to create the same project, here use of colors was divided into different ways. Therefore, behind each instruction, you will find a color between (). This indicates the use of the color Tineke used.

Take Color C with a crochet hook size 4.0mm.
